¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

2023 Corporate Governance Statement

Austin Engineering Limited (“the Company” or “Austin”) is committed to ensuring that its obligations and responsibilities to its various stakeholders are fulfilled through appropriate corporate governance practices. These practices are designed to enhance the Company’s sustainable long-term performance and value creation for all stakeholders. The Company’s corporate governance framework is designed to foster a culture of compliance built around the Austin Core Values of:

Throughout the reporting period ended 30 June 2023, the Directors believe that the Company’s governance arrangements have been consistent with the fourth edition of the ASX Corporate Governance Council’s Corporate Governance Principles and Recommendations. This Statement reports against the requirements of the fourth edition, is current as at 28 August 2023 and has been approved by the Board of Directors of the Company (“the Board”).

Copies of the Company’s corporate governance charters and policies are available on its website <https://www.austineng.com/corporate-governance>.

Principle 1: Lay solid foundations for management and oversight

A listed entity should clearly delineate the respective roles and responsibilities of its board and management and regularly review their performance.

Recommendation 1.1

A listed entity should have and disclose a board charter setting out:

- (a) the respective roles and responsibilities of its board and management; and*
- (b) those matters expressly reserved to the board and those delegated to management.*

The Board has adopted a Board Charter which details the Board's role, powers, duties and functions. Other than as specifically reserved to the Board in the Board Charter, responsibility for the management of Austin's business activities is delegated to the Chief Executive Officer ("CEO") who is accountable to the Board. The Board Charter and the delegation of Board authority to the CEO are reviewed regularly.

The responsibilities of the Board as a whole, the CEO and the Chair are set out in more detail in the Company's Board Charter.

Recommendation 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and*
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.*

The Board manages its succession planning with the assistance of the Nomination & Remuneration Committee ("Committee"), reviewing its size, composition, diversity and effectiveness as a whole and the mix of existing and desired competencies across members. This Committee operates under the Nomination & Remuneration Committee Charter.

In considering overall Board balance, the Committee will give due consideration to the value of a diversity of backgrounds and experiences among the members. Except for any Managing Director, Directors appointed by the Board are subject to shareholder election at the next AGM.

Austin undertakes appropriate background and screening checks prior to nominating a Director for election by shareholders, and provides to shareholders all material information in its possession concerning the Director standing for election or re-election in the explanatory notes accompanying the notice of meeting. This information includes:

- biographical details of the candidate, including the candidate's relevant qualifications, experience, directorships and the skills he or she brings to the Board;
- in the case of a candidate standing for election as a Director for the first time:
 - any information of concern revealed by the checks the Company has conducted in respect of the candidate;
 - details of any interest, position or relationship that might influence, or reasonably be perceived to influence, in a material respect the candidate's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company and its shareholders generally; and
 - whether the Board considers that the candidate will, if elected, qualify as an independent director; and
- in the case of a candidate standing for re-election as a Director:
 - the term of office currently served by the Director;
 - whether the Board considers the director to be an independent director; and
- a statement by the Board as to whether it supports the election or re-election of the candidate.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

All Non-executive Directors have signed a formal letter of appointment setting out the key terms and conditions of their appointment, including duties, rights and responsibilities, the time commitment envisaged, and the Board's expectations regarding their involvement with committee work.

All senior executives have signed an employment agreement setting out the terms of their employment.

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

Details of the company secretary of Austin are set out in the Directors' Report. The company secretary is accountable to the Board through the Chair, and is responsible for the coordination of all Board business, including agendas, Board papers, minutes, communication with regulatory bodies and ASX, and all statutory and other filings. All Directors have access to advice from the company secretary on all matters to do with the proper functioning of the Board. The decision to appoint or remove a company secretary is made or approved by the Board.

Recommendation 1.5

A listed entity should:

- (a) have and disclose a diversity policy;*
- (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and*
- (c) disclose in relation to each reporting period:*
 - (1) the measurable objectives set for that period to achieve gender diversity;*
 - (2) the entity's progress toward achieving those objectives; and*
 - (3) either:*
 - (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or*
 - (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.*

If the entity was in the S&P/ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.

As a global company, Austin is committed to providing a safe, inclusive, and diverse workplace, and recognises that diversity needs to be representative of the communities in which it operates. Diversity refers to the variety of skills, abilities, experiences, and cultural backgrounds that enable individuals to achieve superior business and personal results. Austin recognises that diversity brings a variety of benefits, including improved performance. In keeping with Austin's commitment to equal opportunity and workplace diversity, Austin provides a workplace that is free of discrimination and hostility on the basis of gender, race, religion, ethnicity, national origin, age, disability, marital status, family responsibilities, pregnancy, sexual orientation, political conviction, or trade union membership. Creating and maintaining an environment that promotes diversity and is free of harassment and discrimination is the responsibility of every Austin employee.

The Company's Diversity Policy is available on its website and supports the Board to set and report against measurable diversity targets, including targets in relation to gender diversity.

The following table outlines the Company’s measurable objectives in relation to diversity and the progress made towards achieving those objectives at 30 June 2023:

Group	Actual 2022	Actual 2023	Target
Women Directors	0%	20%	30%
Percentage of women in senior management positions*	21.07%	23%	30%
Percentage of women employees across the organisation**	9.75%	6.70%	20%

* For the purpose of this target, senior executive positions are defined as those with senior management responsibilities in either corporate or operational areas.

** This target reflects the challenges in some countries Austin operates and moving from the traditional employment model.

A significant proportion of Austin’s wider operations centre around medium-to-heavy engineering activities in workshop environments that require trade qualifications such as boiler making, welding and fabrication. Participating rates of women in these trades are low. Austin’s policy is to provide opportunities for women wherever possible through internal promotion and external recruitment across all levels, but to also ensure that equal employment treatment is to be given without regard to gender.

The Company is a ‘relevant employer’ under the *Workplace Gender Equality Act 2012* (Cth) and discloses its “Gender Equality Indicators” to the Workplace Gender Equality Agency (“WGEA”) annually. The Company’s “Gender Equality Indicators” are available for access on the Company’s website.

Recommendation 1.6

A listed entity should:

- (a) *have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and*
- (b) *disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.*

Under the Nomination & Remuneration Committee Charter, the Nomination & Remuneration Committee is responsible for the development and implementation of processes for evaluating the performance of the Board, its committees and individual Directors.

The Board at least annually undertakes an internal or external evaluation of its effectiveness as a whole, and the effectiveness of its committees, against a broad range of good practice criteria. The review of the Board’s committees includes an assessment of the performance of each Board committee against the relevant Board Committee Charter, in order to identify areas where improvements can be made. The internal review process involves each Director completing a performance evaluation survey, the results of which are reviewed by the Nomination & Remuneration Committee and the Board. The performance of individual Directors, including the Chair is evaluated as part of this internal review.

The Company is of the view that the internal review process is an efficient and effective way of reviewing the performance of the Board and its committees, and for this reason an internal review was conducted during the reporting period, and in the previous year. During the reporting period, evaluations of the performance of individual Directors were also carried out in accordance with this process.

Recommendation 1.7

A listed entity should:

- (a) *have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and*
- (b) *disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.*

Under the Nomination & Remuneration Committee Charter, the Board undertakes a review of the Chief Executive Officer’s performance on at least an annual basis.

The performance of other senior executives is evaluated by the Chief Executive Officer through performance reviews undertaken on an annual basis.

During the reporting period, performance evaluations for senior executives took place in accordance with the process agreed by the Board and disclosed in the Nomination & Remuneration Committee Charter.

Principle 2: Structure the Board to be effective and add value

The board of a listed entity should be of an appropriate size and collectively have the skills, commitment and knowledge of the entity and the industry in which it operates, to enable it to discharge its duties effectively and to add value.

Recommendation 2.1

The board of a listed entity should:

- (a) *have a nomination committee which:*
- (1) *has at least three members, a majority of whom are independent directors; and*
 - (2) *is chaired by an independent director, and disclose:*
 - (3) *the charter of the committee;*
 - (4) *the members of the committee; and*
 - (5) *as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) *if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.*

The Board has established a Nomination & Remuneration Committee. The Nomination & Remuneration Committee operates under a Nomination & Remuneration Committee Charter, which is disclosed on the Company's website.

During the reporting period, the Nomination & Remuneration Committee was comprised of the following Directors:

Name	Role	Independent	Status
Jim Walker	Non-executive Chair	Yes	Member for the whole period
Linda O'Farrell (Chair of the Nomination & Remuneration Committee)	Non-executive Director	Yes	Chair since 1 September 2022
Chris Indermaur	Non-executive Director	Yes	Chair from July 2016 to 1 September 2022; Member from July 2016 to present
Sybrandt van Dyk	Non-executive Director	Yes	Member for the whole period

Linda O'Farrell is the Chair of this Committee and is an independent, Non-executive Director.

Details of the number of meetings of the Nomination & Remuneration Committee held during the reporting period and members' attendance at those meetings is set out in the 2023 Annual Report (as part of the Directors' Report).

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.

The relevant skills, experience and expertise held by each Director in office at the date of the annual report is included in the Directors' Report in the 2023 Annual Report.

The skills and experience required of the Board and its committees is detailed in the Austin Board Skills Matrix, which is summarised below. The objective of the matrix is to align the skills and experience on the Board with the Group's strategic objectives. The Nomination & Remuneration Committee assists the Board with the regular review of the qualifications, skills, competencies, experience, independence and diversity represented on the Board and its committees. Where gaps are identified, the Nomination & Remuneration Committee is responsible for identifying whether training or development is required or recommending changes to the Board in relation to its structure, size, and operation.

The Board has determined that all Directors should be sufficiently familiar with Austin’s core business that they can contribute to the development of strategy and assess the performance of management. In addition, as a group, the Board must have skills and experience to satisfy the criteria outlined below. The composition of the Board will seek to promote a diverse group of Directors (to discourage “group think” and other cognitive biases, and promote innovative behaviours), with overlap in the skills that they bring to the role and a united focus on pursuing the best interests of Austin and its stakeholders.

Corporate governance expertise	Knowledge, experience and commitment to the highest standards of governance and an ability to assess the effectiveness of senior management

The Board considers that the Non-executive Directors collectively bring an appropriate range of skills, knowledge and experience to effectively direct the Company.

Recommendation 2.3

- (a) the names of the directors considered by the board to be independent directors;
- (b) if a director has an interest, position, association or relationship of the type described in Box 2.3 (Factors relevant to assessing the independence of a director) but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and
- (c) the length of service of each director.

As at 30 June 2023, the Board consisted of:

Recommendation 2.6

A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

Induction training is provided to all new Directors. It includes, among other things:

At the end of each six-monthly period, the Chief Executive Officer and Chief Financial Officer provide a formal declaration to the Board confirming that the Company's financial reports present a true and fair view, in all material respects, of the Company's financial condition and the operational results have been prepared in accordance with the relevant accounting standards. The statement also confirms that the integrity of the Company's financial statements and notes to the financial statements are founded on a sound system of risk management and controls. Recommendation 4.3

Recommendation 5.1

A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under listing rule 3.1.

Austin is committed to maintaining a level of disclosure that meets the highest standards and provides all investors with timely and equal access to information.

Recommendation 6.2

A listed entity should design and implement an investor relations program to facilitate effective two-way communication with investors.

The Board is committed to facilitating effective two-way communication with its shareholders, investors and stakeholders, and has adopted a Shareholder Communications Policy to define and support this commitment.

A copy of the Shareholder Communications Policy is available on the Company's website. The Shareholder Communications Policy sets out Austin's investor relations approach, namely by communicating with its shareholders and investors by posting information on its website, and by encouraging attendance and participation of shareholders at general meetings.

In particular, Austin endeavours to communicate all major activities affecting operations to investors through the Annual Report, half year and full year results announcements, formal disclosures to the ASX (i.e. company announcements), letters to shareholders when appropriate, the Company's website and at the AGM.

The AGM also provides an important opportunity for investors to ask questions, express views and respond to Board proposals. The Board encourages full participation of shareholders at the AGM to ensure a high level of accountability. The Company provides facilities for online voting through Computershare, allowing shareholders to register their voting instructions electronically. Shareholders who are unable to attend the AGM are also able to vote on resolutions through the appointment of a proxy. The results of voting on the items of business are disclosed to the market and posted on the Company's website after the AGM or any other shareholder meeting.

The Company also arranges for the Company's external auditor to attend the Company's AGM and be available to answer shareholder questions about the conduct of the audit, the preparation and content of the Auditor's report, and accounting policies adopted by the Company in relation to the preparation of the financial statements and the independence of the auditor.

Recommendation 6.3

A listed entity should disclose how it facilitates and encourages participation at meetings of security holders. Shareholders are encouraged to attend and participate at all general meetings of the Company. Recommendation 6.4

A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.

Austin ensures that all substantive resolutions at a meeting of its shareholders are decided by a poll rather than by a show of hands.

Recommendation 6.5

A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.

Shareholders may elect to receive information from, and make contact with, the Company and its share registry by email. Contact email addresses for the Company and the share registry are set out on the Company's website.

Principle 7: Recognise and Manage Risk

A listed entity should establish a sound risk management framework and periodically review the effectiveness of that framework.

Recommendation 7.1

The board of a listed entity should:

- (a) *have a committee or committees to oversee risk, each of which:*
 - (1) *has at least three members, a majority of whom are independent directors; and*
 - (2) *is chaired by an independent director, and disclose:*
 - (3) *the charter of the committee;*
 - (4) *the members of the committee; and*
 - (5) *as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*

(b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.

The Board (through the Audit & Risk Committee) is responsible for satisfying itself that a sound system of risk oversight and management exists and that internal controls are effective.

As discussed above (under Recommendation 4.1), the Audit & Risk Committee operates under the Audit & Risk Committee Charter, which is available on the Company's website. The composition of the Audit & Risk Committee and qualifications, experience and attendance of its members is also addressed above.

Recommendation 7.2

The board or a committee of the board should:

- (a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and*
- (b) disclose, in relation to each reporting period, whether such a review has taken place.*

The Company operates various policies and procedures to identify, assess and manage business and operational risks, and is guided by Austin's Enterprise Risk Management Standard which sets the Company's risk management framework. Responsibility for risk management is shared across the organisation. The Board is responsible for overseeing the establishment of and approving risk management strategies, policies, procedures and systems of Austin. Austin's management team is responsible for establishing Austin's risk management framework.

The Board has delegated to the Audit & Risk Committee responsibility for reviewing and monitoring Austin's risk management framework to provide assurance that major business risks are identified, consistently assessed and appropriately addressed. In addition, the Audit & Risk Committee is required, under its charter, to undertake a review of Austin's risk management framework with management at least annually to satisfy itself that it continues to be sound. A review of the risk management framework and risk register was undertaken during the reporting period.

Risk management is an ongoing activity and a formal organisation-wide risk assessment is undertaken on at least an annual basis. Outcomes are shared with the Audit & Risk Committee and management. The process is governed centrally through Austin's Enterprise Risk Management Standard and directed by policies and procedures within functional areas such as Finance, Occupational Health & Safety, Business Development and Marketing, Operations, Information Technology and Governance.

Austin's senior management has reported to the Board (through the Audit & Risk Committee) on the effectiveness of the management of the material business risks faced by Austin during FY2023. The Audit & Risk Committee has reviewed the risk management framework and is satisfied that it provides a sound framework for the identification and assessment of risk and implementation of related mitigation strategies.

More information on the Company's risks is set out in the Company's 2023 Annual Report.

Recommendation 7.3

A listed entity should disclose:

- (a) if it has an internal audit function, how the function is structured and what role it performs; or*
- (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.*

Austin did not have a dedicated internal audit function during the Reporting Period.

As set out in the Audit & Risk Committee Charter, the Committee has responsibility to ensure that Austin has appropriate internal audit systems and controls in place, and for overseeing the effectiveness of these internal controls. The Committee is also responsible for overseeing investigations of breaches or potential breaches of these internal controls.

Austin's external auditors provide recommendations to the Board where internal control weaknesses have been identified.

The Audit & Risk Committee is responsible for overseeing the implementation of recommendations to improve internal control weaknesses made by Austin's auditors, as well as to generally oversee reviews and improvements to risk management and internal control processes.

The structure and role of the Audit & Risk Committee was discussed at Recommendation 4.1 above.

Recommendation 7.4

A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and, if it does, how it manages or intends to manage those risks.

Austin is exposed to a number of economic, environmental and social sustainability risks. The material risks for Austin include:

- Economic Risk
- Cyber Security and Information Technology Risks
- Health and Safety Risks
- Regulatory and Compliance Risks
- People Risks
- Innovation Risks
- Strategic Risks
- Supply Chain Risks

Austin manages risk within a framework defined in its Enterprise Risk Management Standard. The standard sets forth quantitative and qualitative measures to define, assess and mitigate risk. Its management strategies consist of a mix of acceptance, avoidance, mitigation, reduction and transfers actions developed in line with Board mandated tolerance levels. Full details of how Austin manages its material risks related to economic, environmental and social sustainability risks can be found in the Risk Management section of the Company's 2023 Annual Report.

Further information is outlined in the 2023 Sustainability Report available on the Company's website.

Principle 8: Remunerate fairly and responsibly

A listed entity should pay director remuneration sufficient to attract and retain high quality directors and design its executive remuneration to attract, retain and motivate high quality senior executive and to align their interests with the creation of value for security holders and with the entity's values and risk appetite.

Recommendation 8.1

The board of a listed entity should:

- (a) *have a remuneration committee which:*
- (1) *has at least three members, a majority of whom are independent directors; and*
 - (2) *is chaired by an independent director, and disclose:*
 - (3) *the charter of the committee;*

- (b) *if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and note excessive.*

The Board has established a Nomination & Remuneration Committee. The Nomination & Remuneration Committee operates under the Nomination & Remuneration Committee Charter, which is available on the Company's website.

During the reporting period, the Nomination & Remuneration Committee consisted of:

Name	Role	Independent	Status

Recommendation 8.2

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

Details of remuneration paid to Directors (Executive and Non-executive) are set out in the Remuneration Report. The Remuneration Report also contains information on the Company's policy for determining the nature and amount of remuneration for Directors and Executives and the relationship between the policy and Company performance.

Shareholders will be invited to consider and approve the Remuneration Report at each Annual General Meeting. The Company's Non-executive Directors receive fees as remuneration for acting as a Director of the Company and if applicable, a standard fee when acting as chair of a standing Committee or the Board. The maximum aggregate amount that can be paid to Non-executive Directors is \$600,000 per annum (including superannuation). This figure was last approved by shareholders at the 2022 Annual General Meeting. Non-executive Directors are not entitled to participate in equity incentive schemes of the Company and are not entitled to receive performance-based bonuses. The Company has not established any schemes for the provision of retirement benefits, other than statutory superannuation, for Non-executive Directors.

Senior Executive remuneration consists of fixed salary, short-term incentives based on performance, participation in long-term incentive equity schemes and other benefits including superannuation. The Company prohibits employees from entering into transactions or arrangements which limit the economic risk of participating in unvested entitlements under any equity-based remuneration scheme.

Further details on the Company's remuneration policies, including how the structure of the remuneration of Non-executive Directors is distinguished from that of Executive Directors and Senior Executives, are set out in the Remuneration Report in the 2023 Annual Report (as part of the Directors' Report).

Recommendation 8.3

A listed entity which has an equity-based remuneration scheme should:

- (a) *have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and*
- (b) *disclose that policy or a summary of it.*

Consistent with section 206J of the Corporations Act, it is the Company's policy to prohibit senior management from entering into transactions or arrangements which limit the economic risk of participating in unvested entitlements under any equity-based remuneration schemes. This is also dealt with in Austin's Share Trading Policy, which is available on the Company's website.

The following additional recommendations apply to the entities described within them.

Recommendation 9.1

A listed entity with a director who does not speak the language in which board or security holder meetings are held or key corporate documents are written should disclose the processes it has in place to ensure the director understands and can contribute to the discussions at those meetings and understands and can discharge their obligations in relation to those documents.

All Directors of the Company speak English, which is the language that all board and security holder meetings are held and all key corporate documents are written.
